

Aplicações do Arduino em Projetos didáticos e acadêmicos

Eng. Me Daniel Vieira

Agenda

- 1- Apresentação
- 2 - Modelos de Arduino
- 3 - Placas compatíveis com a IDE Arduino
- 4 - Projetos realizados
- 5- Áreas promissoras
- 6- Dúvidas

Apresentação

Doutorando e Mestre em Engenharia Elétrica - FEEC -
Unicamp

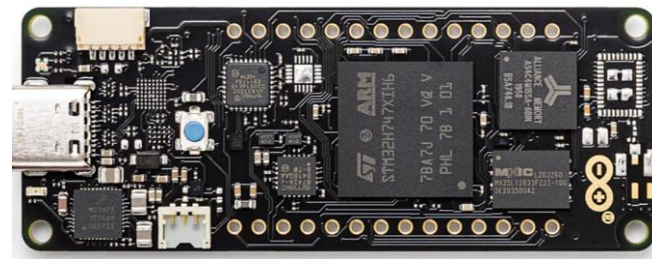

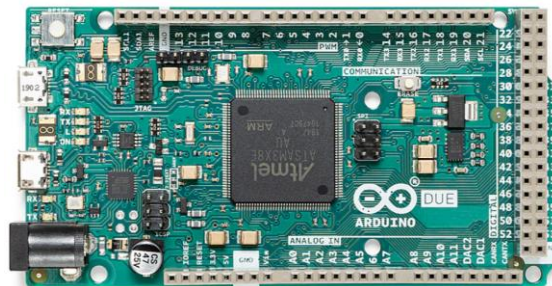

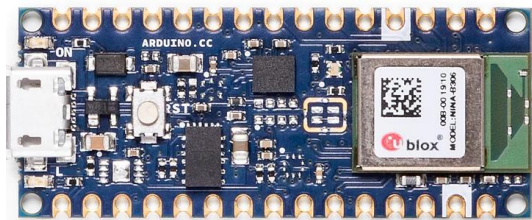

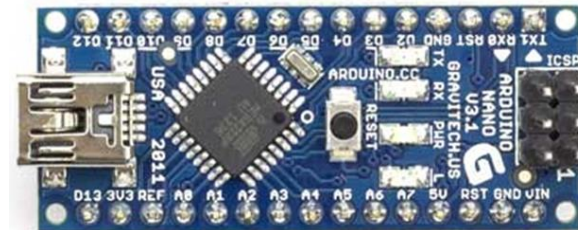

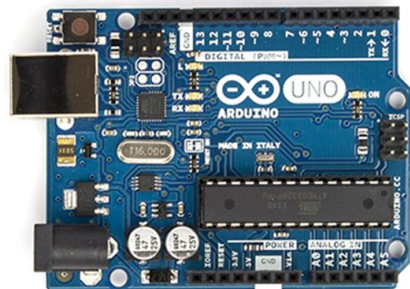

Especialista em Controle e Automação de processos
industriais - Feagri

Engenheiro Eletricista - UniMetrocamp Wyden

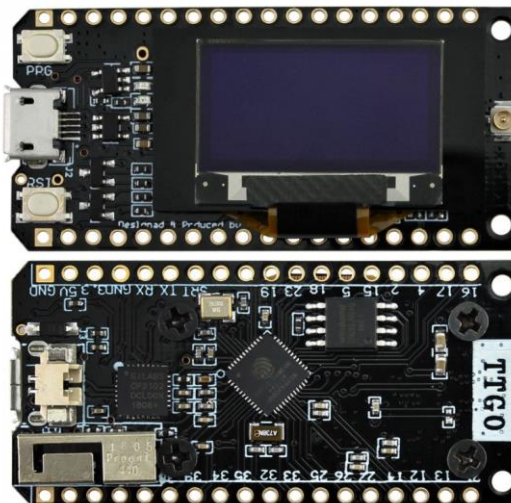

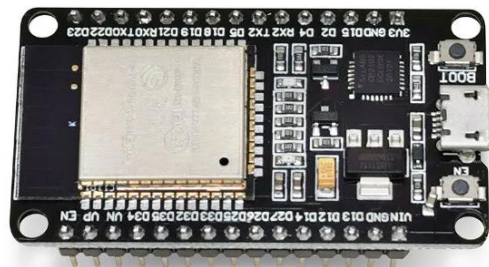

Técnico de Mecatrônica - Senai Roberto Mange

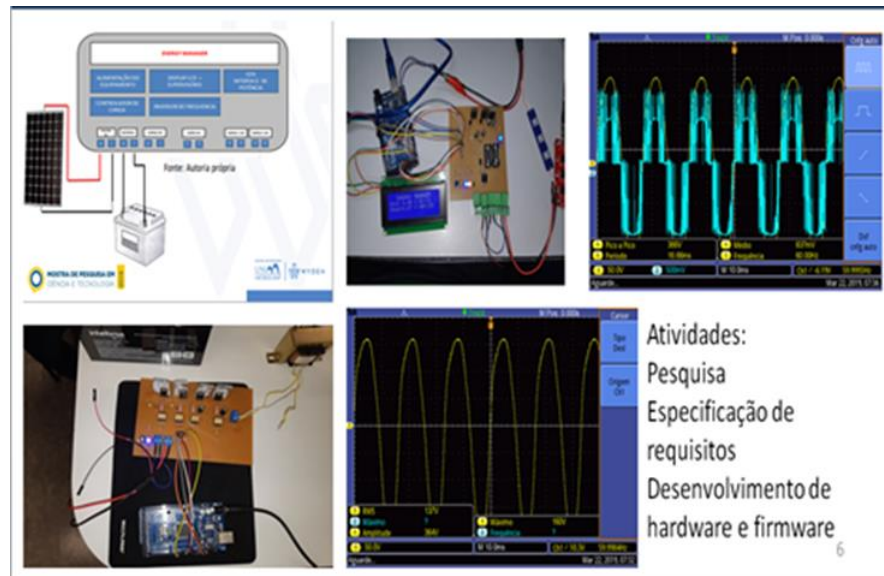

Modelos de Arduino

Placas compatíveis com a IDE do Arduino

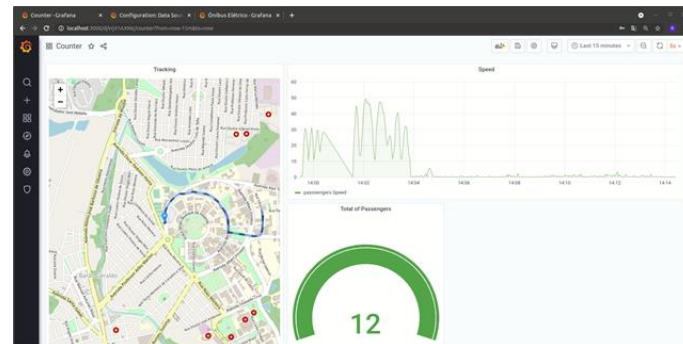

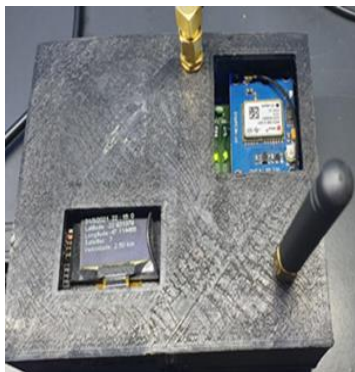

Projetos realizados

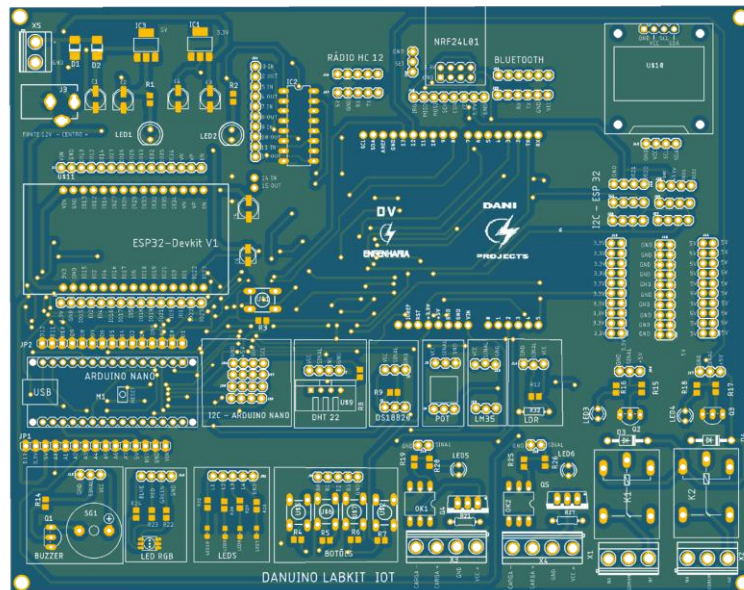

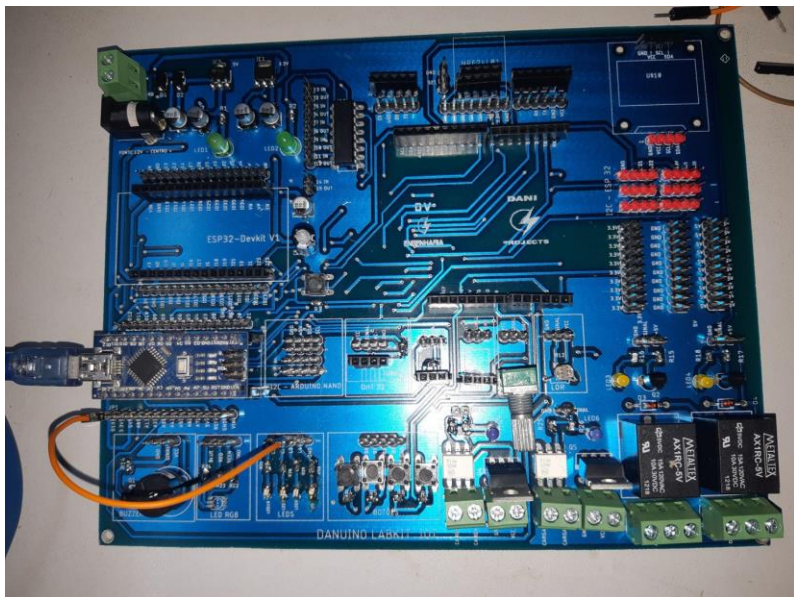

Projetos realizados

Projetos realizados

Danuno RF

ARDUINO
WEEK 2022

Áreas promissoras

Internet das Coisas

Educação 4.0

Robótica

Agricultura 4.0

Cidades inteligentes
